Hello,

I am from North East and is interested with the activities of Vivekananda kendra.Specially, Khatkhati production centre.I had my association with the kendra through Mr Ravinder joshi Secretary VK NRL Hospital, Numaligarh.

I am inspired by the activities of the kendra in developing local girls from various communities in becoming self reliant, confident individual as envisioned by vivekananda the modern day sage of India.

Of late the kendra is showing signs of decline with the transfer of earlier kendra in charge.It is our sincere request to the top management of Khatkhati kendra at Kanyakumari to rejuvenate this kendra which can become a model to rest of the centre.We had helped earlier we are there to extend help. I have a plan if you wish we can discuss it in future.

You should setup an option allowing visitors to make donations online. All you will need is a properly setup an SSL certificate and use a CMS which connects to online payment gateways. I can help you with procuring and installing the SSL certificate and if the developers of this website need help, put you in touch with payment gateway systems.

Please let me know how I can assist with this. It would be great if I can make a small contribution to this worthy organization.

Hi All,

I am from Hyderabad working with an MNC. I read about Vivekanand's thought. He had a great belief in youth. And I think only by Proper education we can be able to give proper direction to our youth. I would like to serve this organization as much as I can. We need to disseminate Vivekanand's teachings to as many people as possible and I want to be a source for the same.

Dear Ones,

Swami Vivekananda's 150th birth anniversary is in 2013. Are we planning to make it a big celebration? I think we all should. We have enough time to plan and make it a mass movement. The web sites of organizations like Vivekananda Kendram should have pages dedicated to it now itself and publicity should be given so that the idea will start building up in the minds of people. This will prompt other organizations in the same domain also to start planning towards it. A beautiful logo should be designed now itself and popularised so that there can be many articles produced carrying this logo which will give lots of publicity to the event well in advance. For e.g. note books and bags of students, T shirts, web pages, special brochures and booklets etc.

As an individual, I visualize and wish this occasion to be celebrated as a mass movement. I started discussing this idea with my friends and organizations in my contact. Together we - this new generation - should be able to contribute something great like the rock memorial on this occasion also. If not a structure, a tsunami of social service projects can be offered to mother Bharat.

You have published quite a few wonderful books. But, your publications list on the website is very reader-unfriendly. List of books are constantly moving with out any facility for viewer to stop at any one book. Also, the cost of the books is not at all mentioned. It would be good if you can provide some introduction of the book, its theme and contents.

Just like periodicals, it would be better if you can arrange all published books in a list form mentioning the cost of each of the books.

You can also provide instructions as to how to order the books.

Hope you would put your attention on this and do the needful soon.

I am a Retd. Hemaparasis Disabled Sr.Citizen cannot move out side without an escort but I find myself very free at Kanyakumari (India) for its natural scenarios, upkeep ness of the entire city, simplicity of the inhabitants and plenty hassle free accommodations with strict administrative control etc. by Vivekananda Kendra-R.K.Puram. Visited twice: 2002 and 2005 as a Disabled person and looking for another trip. A discount of charges for this old aged disabled person if allowed will be very helpful and appreciated
